Sir:

COMMUNICATION REGARDING CHANGE OF CORRESPONDENCE ADDRESS

This Communication is submitted further to telephone conferences on October 19, 2006 and October 30, 2006 between Patent Examiner Szperka and Jeffrey Shieh, Esq. of this firm in connection with the above-identified application.

During the October 19, 2006 telephone conference, Mr. Shieh informed Examiner Szperka that according to the United States Patent and Trademark PAIR website, an Office Action had been issued on April 17, 2006 in connection with the above-identified application, but was returned as "undelivered" on May 8, 2006. Mr. Shieh suggested the possibility that the Office Action not delivered because the correspondence address for the subject application did not include "Cooper & Dunham LLP", though "Cooper and Dunham LLP" was included on the correspondence address indicated on the filed Declaration and Power of Attorney. Examiner Szperka stated that he would investigate the matter and follow-up his findings with Mr. Shieh.

During the October 30, 2006 telephone conference, Examiner Szperka indicated that the Application Data Sheet filed with the application shows a correspondence address *without* "Cooper & Dunham LLP", and that this address is the address of record for the subject application. Examiner Szperka further noted that if this Office Action is again returned to the U.S. Patent and Trademark Office as "undelivered", any remailings would likely not restart the time period available to applicant for response. According to the U.S. Patent and Trademark Office PAIR website, the previously returned Office Action was remailed on October 30, 2006 addressed to the current address of record, i.e., the address without "Cooper & Dunham LLP."

Applicant notes that a Petition to Change Correspondence Address is being submitted concurrently herewith by facsimile to the U.S. Patent and Trademark Office. Applicant respectfully requests that, upon entry of the correct correspondence address, a copy of the October 30, 2006 Office Action be mailed immediately to the new correspondence address, rather than waiting for return of the October 30, 2006 Office Action to the U.S. Patent and Trademark Office.
